

# ASP

## MEANS

# Alloy SPECIALTY Products

ASP has a 75 year reputation for producing the finest pipe fittings available on the market.

Behind that reputation stand generations of shared experience available to work on your custom parts machined from some of the most difficult to manufacture materials.

ASP specializes in machining austenitic, superaustenitic, and duplex stainless steels, all nickel alloys, cupro-nickels and other specialty alloys.

Contact us with your design for evaluation and quotation today.

### Alloy Stainless Products

611 Union Boulevard

Totowa, NJ 07512

Tel: 800-631-8372 | Fax: 800-432-9277

NJ: 973-256-1616 NJ: 973-256-5256

The logo consists of the letters 'ASP' in a bold, serif font. The 'A' and 'S' are connected at the top, and the 'P' is slightly offset to the right. A registered trademark symbol (®) is located at the bottom right of the 'P'.
